

Our Features

An Outline

In App Payments - Pay with a credit/debit card pre-registered on the passenger app.

Driver picture - Display a driver picture on the passenger app.

5 star rating & comments - Rate your driver and leave comments from the passenger app.

Live GPS tracking - Vehicle tracking on the passenger app and on the dispatcher's map.

Historical GPS tracking - Track your vehicles in arrears and see the exact routes travelled.

Alarm/Panic button - An alarm button in the driver app to notify the dispatch operator in case the driver is threatened.

Chat - Allows drivers to communicate with dispatchers by sending one of 9 preset messages.

Textback - Automatic text SMS to passenger when the driver is waiting at the pickup address and/or when the driver starts driving towards the pickup address.

Reports - Downloadable in PDF, CSV and XLS format.

Caller ID - Free VoIP phone integration.

Alerts - Dispatchers are alerted of all cancelled and flashed jobs (jobs completed under one minute or under one kilometer).

Recurring Bookings - Create bookings for up to 6 months at a time.

Online booking - Free integration of the online booking form and map.

Reception Desk Booking - Support for hotels and restaurants to easily book a cab for their guests from your company.
